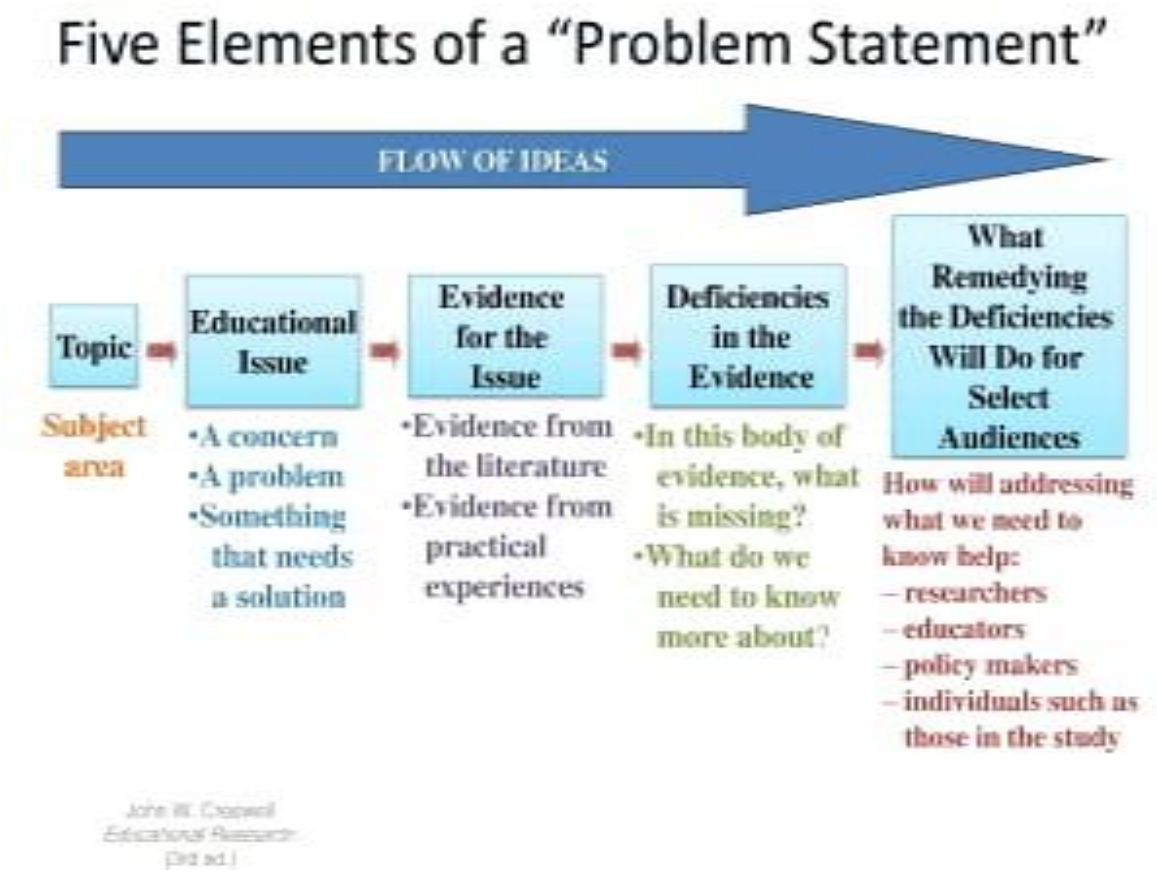
Project Name	AUTOMATING EMPLOYEE DATA
Maximum Marks	2 Marks

Ideation Phase

Define the Problem Statement

Customer Problem Statement Template

Create a problem statement to understand your customer's point of view. This helps in identifying challenges and building better solutions for employee data automation.



Problem Statements Table

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	I am an HR Manager	I'm trying to manage employee records efficiently	But data is stored manually in multiple files	Because there is no centralized automated system	Which makes me feel stressed and inefficient
PS-2	I am a Company Employee	I'm trying to access my personal and work details	But it takes too much time to get updates	Because the system is not automated	Which makes me feel frustrated
PS-3	I am a Payroll Staff	I'm trying to calculate salaries accurately	But errors happen frequently	Because calculations are done manually	Which makes me feel wor
